

REMARKS

The Office Action of June 1, 2005 objected to the specification, because an inconsistency exists between the drawings and the Brief Description of the Drawings in the specification. In particular, Figures 10C and 10D are contained in the drawings but not listed in the Brief Description of the Drawings in the specification.

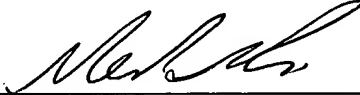

According to the foregoing, the Brief Description of the Drawings section of the specification is amended to correct page 4, line 8, as follows: --FIGS. 10A ~~and 10B~~ to 10D are views useful for explaining screens;-- Therefore, entry of the specification amendment and withdrawal of the objection to the specification is respectfully requested.

A copy of the Office communication of June 1, 2005 is attached.

Finally, if there are any formal matters remaining after this response, it is requested to telephone the undersigned to attend to these matters.

Respectfully submitted,
STAAS & HALSEY LLP
